

## Ride and Drive with Care

### Join to be one of 12 high schools across Ontario

---

Share the Road Cycling Coalition with generous support from the Ministry of Health and Long Term Care's Healthy Communities Fund is launching its "Ride and Drive with Care" program.

Ride and Drive with Care will help to:

- Educate students, teachers and parents about safe cycling and safe driving messages
- Promote a school-wide pledge that encourages students to ride and drive with care
- Encourage students to ride their bike to school and track their trips online to win prizes

Schools will be asked to:

- Hold one school-wide assembly between January and March 2013 where education tools are delivered and students are invited to sign the pledge. Promote the assembly and pledge through provided posters, announcements etc. Assembly will be organized by student leaders (identified by school), project manager and possibly local public health/law enforcement teams
- Promote your schools participation in a "Cycle to School" online tracking challenge to win individual student and school-wide prizes between March and June 2013. Promotional tools and prizes will be provided.
- Participate in program evaluation, likely to occur in March and June 2013

Participation is limited; contact Katherine Glowacz, Program Manager if your school is interested at [katherine@sharetheroad.ca](mailto:katherine@sharetheroad.ca)
